

STANDBY DIVER CABIN

As the name suggest, Standby Diver cabin is used for the purpose or rest area for the standby diver, who has to be alert and ready to Dive position. This unit helps to avoid strain & tiredness caused due to Diving Gear & wheather in offshore industry. It plays an important role in compact ship space, where complying to regulation becomes difficult, but necessary.

- Has DNV 2.7-1 type of Pad eyes for offshore and onshore use.
- Completely insulated & having A/C unit installed
- Ergonomic seating position for standby diver including all accessories.
- Has a 15" LCD monitor, Helmet hanger & Bail-out bottle backrest.
- Shade & Sun proof/Easy of Diving during operation, since it has insulated plastic coverall in front.
- In compliance with IMCA Guidelines for standby Diver.
- Compact size & Provided with approved ADNOC slings as per ADNOC latest STD.
