3-Pin Bulkhead Connector for Outland Lighting Systems

Compatibility:

Designed for use with Outland lighting systems, providing reliable bulkhead connections for marine, outdoor, and industrial lighting applications.

Waterproof:

IP67-rated, ensuring dust-tight protection and resistance to submersion in water

Durable Materials:

Built to handle shock, vibration, and mechanical stress, ensuring long-term performance in demanding conditions.

Easy Installation:

Features a tool-free twist-lock or screw-down mechanism for quick and secure setup, ideal for bulkhead mounting.

Electrical Efficiency:

High-conductivity copper pins provide low resistance and reliable power transfer to connected lighting fixtures.

Wide Temperature Range:

Operates effectively between -10°C to +60°C.

UV and Corrosion Protection:

Special coatings & materials provide excellent resistance to UV rays and marine corrosion.
